## Daily Activities at Princeton Windrows

### February 2019 Highlights

**THURSDAYS AT THE PUB:** Thursday nights will now be special and lively as we gather in the Pub after dinner. Come and join us for an evening filled with completely informal community and fellowship. Beginning after dinner, at 7:30pm or thereafter, come, gather, bring your own beverage, nibbles and joie de vie, share conversation and good times!

**WEDNESDAYS AT WINDROWS:** “The Role of Institutions, Innovation and Regulation in Meeting the Needs of Today’s Non-traditional Students” Dr. Merodie Handcock, President of Thomas Edison State University will lead a discussion that explores the unique characteristics and needs of non-traditional learners in today's world, the critical role of public institutions to build economic independence and professional growth for these under-served populations and the impacts of academic innovation, technology and regulation on student access. Join us Wednesday, February 6<sup>th</sup> from 3:00pm-4:00pm in the Woodrow Wilson Gallery.

**PHOTO CLUB:** In February the Princeton Windrows Photo Club will take a tour of Windrows and look at some of the wonderful images on display in the halls. We'll talk with the photographers and find out just how they captured that shot! They will begin in the Barnhart Room on Thursday, February 7<sup>th</sup> at 10:00am. Everyone is welcome.

**WEDNESDAYS AT WINDROWS:** Robert Ashbaugh presents “Pearl Harbor: The Day of Infamy, with Notes on Intelligence Analysis and War Preparations in 1941”. In addition to all the other reasons why Hawaii would never be attacked, the US had two new technological marvels to safeguard our vital Pacific fortress. There was radar, the electronic detector used so effectively by the British during the Battle of Britain. Second, there was MAGIC, the decoded intercepts of Japanese diplomatic communications.

The latter was an astounding break-through. So, what happened?

This presentation is about how our government operated prior to one of the most seminal events in American history. The mundane events preceding the attack document a government that failed – sometimes with plausible explanations, sometimes not. It is also a fascinating inside look at intelligence analysis and of how difficult it can be to “connect the dots.” Wednesday, February 13th from 3:00pm-4:00pm in the Woodrow Wilson Gallery.

**SPECIAL CONCERT:** Join award-winning American Harpist, and friend of many, Elaine Christy for a Valentine’s Day performance. A program with Songs of Love will enchant the audience. Join us for music and Valentine’s refreshments on Thursday, February 14th from 7:30pm-8:30pm in the Living Room.
